Endocrine Society session recordings are an annual compilation of digital recordings and slides suitable for presentation in a variety of formats.

Recordings include:

- Slides synchronized with video presentations
- Speakers' mouse movements captured and included in playback
- Presentations searchable by session title, presentation title, and speaker name
- Compilations by therapeutic area

ENDO Session Recordings each year include:

- More than 100 sessions
- Plenary sessions including presidential plenaries
- Meet the Professor sessions on case management
- Poster PDFs with audio presentations

ENDO sessions offer a unique opportunity to dive into topics from every major therapeutic area of endocrinology and hormone science. Listen, learn, and be inspired by world-class faculty at the forefront of scientific discovery and health care.

### Plenaries

Spanning the spectrum of science, clinical care, and social implications, an outstanding slate of world-renowned speakers showcase advances in research and medicine.

### Educational

ENDO offers the opportunity to hear case presentations and debates about treatments from top-flight clinicians.

### Basic Science Pathways

These special “meeting-within-a-meeting” tracks integrate focused discussions, poster sessions, and networking opportunities to provide the latest research in areas including:

- Diabetes and Metabolism
- Neuroendocrinology
- Nuclear Receptors and Signaling
- Reproductive Endocrinology

### Meet the Professor

Discover insights from experts on treating a variety of endocrine conditions and learn the latest in-patient care.

# CEU

CLINICAL ENDOCRINOLOGY UPDATE

Clinical Endocrinology Update (CEU) is an annual comprehensive meeting in which faculty at the forefront of endocrinology present the latest advances and critical issues in the field.

Hours of programming over three days include sessions spanning topical areas in the field.

# EBR

ENDOCRINE BOARD REVIEW

Endocrine Board Review (EBR) is an annual case-based course and mock exam emulating the format and subject matter of the ABIM's Endocrinology, Diabetes, and Metabolism Certification.
